

Extension of study programme deadlines due to parenthood

Please use this form if you wish to apply for an extension of your study programme deadlines because you have become a parent. The following deadlines will be extended one year:

- Maximum duration of study
- First-year exam (if it has not already been passed)
- Study activity requirement of 5 ECTS

Please send the filled out form from your student email to studadm@adm.dtu.dk enclosed documentation for parenthood (e.g. maternity record or adoption papers). The application must be sent no later than a year after the child is born or adopted.

Please be aware of the following:

- It is possible – as an alternative to extension of study programme deadlines – to apply for leave of absence from your study due to parenthood (note that you are not eligible for SU during leave of absence).
- By applying for an extension of your study programme deadlines due to parenthood, you have not automatically applied for maternity/paternity SU. Please contact the SU Office at DTU (su@adm.dtu.dk).

You can read more at student.dtu.dk under Apply for → Parental leave during education.
